About Me:

I am very interested in walking, badminton, cycling and swimming. I particularly enjoy history, archaeology and travelling to new places. I am currently studying BSL.

Why I enjoy being a Personal Assistant:

I really enjoy the opportunity to get to know someone well and be able to support them in a more flexible way that meets their needs more effectively. Being a PA enables me to make a real difference to someone's life, in a way that the employer is in control of, rather than an agency.
